REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: (I) The declaration/affidavit of David Chao under 37 CFR 1.131 (see exhibit #7) filed on April 20, 2001 with the evidence (see exhibits #8,9,10) and the facts found in the interference no.: 104,051, papers #149,185 (see exhibits #3,4) are sufficient to overcome the Twincome-Pentax reference. Therefore, the Twincome-Pentax reference is no longer applicable. In another word, the rejection under 35 USC 102(a) over Twincome-Pentax reference in the action, paper #5, has been withdrawn. (II) In the amendment filed on April 20, 2001, all the cancellation of the added Fig. 8, the removal of the added phrases from the original specification and the removal of the language "at least one arm" from claims overcome the rejection under 35 USC 251, overcome the objection to the amendment filed Oct. 21, 1998 and also overcome the rejection under 35 USC 112, first paragraph in the action, paper #5. (III) Nishioka fails to disclose the limitations "said auxiliary spectacle frame including two side portions, each having an arm extended therefrom for extending over and for engaging with said upper side portion of said primary spectacle frame, and a pair of second magnetic members secured to said arms respectively for engaging with said first magnetic members of said primary spectacle frame so as to secure said auxiliary spectacle frame to said primary spectacle frame" in combination with claimed subject matter as claimed in claim 1. Nishioka fails to disclose the limitations "the primary spectacle frame including two side portion extensions extended therefrom for pivotally coupling a leg thereto and a first magnet having a horizontal surface and secured to said side portion extension of the primary spectacle frame" and "the auxiliary spectacle frame including two auxiliary side portions, the auxiliary spectacle frame including two second magnets, each secured to one of the

Art Unit: 2873

auxiliary side portions for respectively engaging the horizontal surface of one of the first magnets so as to secure the auxiliary spectacle frame to the primary spectacle frame" in combination with claimed subject matter as claimed in claim 12. Nishioka also fails to disclose the limitations as claimed in claims 36,67-78,81,86-89. The prior art fails to disclose or suggest to combine with any other reference to meet the limitations as claimed in claims 1,12,36,67-78,81,86-89. Therefore claims 1-3,12,28,36-41,67-89 are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
